Subject: Common Area clean up project

I will be heading a project to clean up the common area. I will do this at my convenience. It should not cost much but any expenses will be sent to you for payment. I fully expect you to call the cops on me. That will simply add fuel to my case and serve only to embarrass you further. I suggest you guys volunteer to help with this project.

Since you refuse to talk to me, you have forced my hand. I have offered to talk too many times to remember. You have not responded. This has gotten way out of control and can be easily, amicably and quickly fixed. A one hour F2F meeting is all that is required. Aren't you obligated to meet with members?

I am slammed moving my parents this week – and next – then I leave for the desert. I will try to squeeze an hour out for you – I suggest Friday afternoon. I do not want to embarrass you but if you continue to refuse to talk to me, I will be given no choice.

Steve
